INDEPENDENT AUDITOR'S REPORT

State Committee For School District Audits
Members of Bath County Board of Education
Owingsville, Kentucky

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Bath County School District, as of and for the year ended June 30, 2009, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Bath County School District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the audit requirements prescribed by the Kentucky State Committee for School District Audits in Appendix I of the Independent Auditor's Contract – General Audit Requirements, Appendix II of the Independent Auditor's Contract – State Audit Requirements, and Appendix III of the Independent Auditor's Contract – Electronic Submission. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Bath County School District as of June 30, 2009, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 19, 2009, on our consideration of Bath County School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral

part of an audit performed in accordance with *Government Auditing Standards* and important for assessing the results of our audit.

The management's discussion and analysis on pages 3 through 8, is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Bath County School District's basic financial statements. The combining and individual nonmajor fund financial statements and other supplemental information are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements of Bath County School District. The combining and individual nonmajor fund financial statements, other supplemental information and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied to the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Year Ended June 30, 2009

As management of the Bath County School District, we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2009. This information should be considered in conjunction with the accompanying financial statements and disclosure following this section.

FINANCIAL HIGHLIGHTS

- The beginning cash balance, including activity funds, for the District was \$12,974,030, including \$9,335,887 for restricted construction fund expenditures. The ending cash balance, including activity funds, for the District was \$6,475,195.
- The Board of Education neared completion regarding its new elementary school. Expenditures during the year ended June 30, 2009 were \$6,806,797. Construction in progress through June 30, 2009 was \$7,472,721.
- The District participated in the Kentucky Interlocal School Transportation Association (KISTA) bond pool in the fiscal year ended for the purpose of acquiring two bus units. The total bond principal was \$120,186.
- Investment earnings totaled \$298,080 for the year ended June 30, 2009.
- The District paid on long-term debt principal for the year ended was \$1,021,310. This includes that portion paid by KSFCC participation, \$320,546.
- Total general fund revenue was \$14,094,002 consisting primarily of state program (SEEK), property, utilities and motor vehicle taxes. Excluding general fund transfers, there were \$13,448,625 in general fund expenditures. These totals reflect on-behalf state payments in the amount of \$2,625,832.

OVERVIEW OF FINANCIAL STATEMENTS

The discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

OWINGSVILLE, KENTUCKY

MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

For the Year Ended June 30, 2009

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of the District's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the district is improving or deteriorating.

The statement of activities presents information showing how the District's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements outline functions of the District that are principally supported by property taxes and intergovernmental revenues (governmental activities). The governmental activities of the District include instruction, support services, operation and maintenance of plant, student transportation and operation of non-instructional services. Fixed assets and related debt is also supported by taxes and intergovernmental revenues.

Fund financial statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. This is a state mandated uniform system and chart of accounts for all Kentucky public school districts utilizing the MUNIS administrative software. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into three categories: governmental, proprietary and fiduciary funds. Fiduciary funds include activity funds. Proprietary funds include the school food service, daycare and preschool funds. All other activities are reported under governmental funds.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

BATH COUNTY SCHOOL DISTRICT
OWINGSVILLE, KENTUCKY

MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

For the Year Ended June 30, 2009

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net assets may serve over time as a useful indicator of a government's financial position. As of June 30, 2009, assets exceeded liabilities by \$7,965,488.

The greatest portion of the District's net assets reflects its investment in capital assets (e.g., land and improvements, buildings and improvements, vehicles, furniture and equipment and ongoing construction projects, where applicable), less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to its students; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

Net assets for the years ended June 30, 2009 and 2008

Following are comparisons of net assets:

	At June 30,	
	<u>2009</u>	<u>2008</u>
Current Assets	7,234,960	13,405,245
Noncurrent Assets	<u>20,345,297</u>	<u>14,352,858</u>
<u>Total Assets</u>	<u>27,580,257</u>	<u>27,758,103</u>
Current Liabilities	2,759,726	2,733,194
Noncurrent Liabilities	<u>16,855,043</u>	<u>17,693,298</u>
<u>Total Liabilities</u>	<u>19,614,769</u>	<u>20,426,492</u>
- Net Assets -		
Investment in Capital Assets (net of debt)	1,867,723	3,781,380
Restricted	38,228	41,678
Unreserved Fund Balance	<u>6,059,537</u>	<u>3,508,553</u>
<u>Total Net Assets</u>	<u>7,965,488</u>	<u>7,331,611</u>
<u>Total Liabilities and Net Assets</u>	<u>27,580,257</u>	<u>27,758,103</u>

BATH COUNTY SCHOOL DISTRICT
OWINGSVILLE, KENTUCKY

MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

For the Year Ended June 30, 2009

- The decrease in current assets is primarily due to an increase in capital project funds construction expenditures.
- Increase in non-current assets reflects net increases for continuing construction in progress.
- Decrease in non-current liabilities includes \$1,021,310 current year reduction in bond principal.

Comments on budget comparisons

The following table presents a comparison of budget to actual for the general fund for the fiscal year ended June 30, 2009:

	<u>Budget 2009</u>	<u>Actual 2009</u>	<u>Variance I (D)</u>
Revenues:			
Local revenue sources	1,741,500	2,154,368	412,868

BATH COUNTY SCHOOL DISTRICT
OWINGSVILLE, KENTUCKY

MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

For the Year Ended June 30, 2009

- Budgeted state revenue sources and budgeted expenses do not include state on-behalf payments for retirement, health insurance and other benefits in the amount of \$2,625,832.

The following table presents a comparison of statement of activities for the fiscal years ended June 30, 2009 and 2008:

	<u>For Year Ended June 30,</u> <u>2009</u>	<u>2008</u>
Revenues:		
Local revenue sources	3,298,829	3,065,027
State and federal revenue sources	<u>15,766,445</u>	<u>16,967,595</u>
<u>Total revenues</u>	<u>19,065,274</u>	<u>20,032,622</u>
Expenses:		
Instruction	10,578,670	10,584,815
Student support services	594,825	582,093
Instructional support	725,658	756,319
District administration	978,919	856,181
School administration	746,811	901,659
Business support services	217,704	272,474
Plant operations and management	1,584,229	1,891,608
Student transportation	1,107,948	1,169,120
Food services operation	1,090,458	1,137,637
Enterprise operation	15,206	14,791
Child care services	222,288	166,779
Community services	295,499	300,983
Interest on long-term debt	<u>616,475</u>	<u>764,286</u>
<u>Total expenses</u>	<u>18,774,690</u>	<u>19,398,745</u>
<u>Change in net assets</u>	<u>290,584</u>	<u>633,877</u>

- Instructional and other expenses reflect cost of living wage increases for classified and certified personnel.
- Intergovernmental state revenue, including state on-behalf payments increased \$509,320 from the previous year.

BATH COUNTY SCHOOL DISTRICT
OWINGSVILLE, KENTUCKY

MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

For the Year Ended June 30, 2009

BUDGETARY IMPLICATIONS

In Kentucky the public school fiscal year is July 1 - June 30; other programs, i.e. some federal operate on a different fiscal calendar, but are reflected in the district overall budget. By law the budget must have a minimum 2% contingency. The district adopted a budget with \$794,987 in contingency (5.74%).

Results of the current fiscal year and recent historical trends for the District were taken into account when preparing the subsequent year budget. No significant changes in revenue or expense items are foreseeable. The District's tax rates and tax base remain effectively the same. The District has assessed and considered underlying economical and funding factors at the federal, state, and local level and other non-financial areas including demographics, local economy and risk of loss of student population that may have a significant impact on the financial statements when preparing subsequent year budgets.

Questions regarding this report should be directed to the Superintendent or the Finance Officer at (606) 674-6314.

BATH COUNTY SCHOOL DISTRICTRECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIESFor the Year Ended June 30, 2009

Net change in total fund balances per fund financial statements	(6,261,926)
Amounts reported for governmental activities in the statement of activities differences:	
Capital outlays are reported as expenditures in the fund financial statements because they use current financial resources, but are presented as assets in the statement of activities and depreciated over their estimated useful economic lives. The difference is the amount by which depreciation exceeds capital outlay for the year.	5,887,844
Bond principal payments are recognized as expenditures of current financial resources in the fund financial statements but are reductions of liabilities in the statement of net assets. Interest paid on debt service is reflected when paid on the fund financial statements	<u>1,035,977</u>
Change in net assets of governmental activities	<u><u>661,895</u></u>

See notes to financial statements.

BATH COUNTY SCHOOL DISTRICTNOTES TO BASIC FINANCIAL STATEMENTSJune 30, 2009NOTE A – REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Bath County Board of Education (Board), a five member group, is the level of government which has oversight responsibilities over all activities related to public elementary and secondary school education within the jurisdiction of Bath County School District (District). The Board receives funding from local, state and federal government sources and must comply with the commitment requirements of these funding sources entities. However, the Board is not included in any other governmental “reporting entity” as defined in Section 2100, Codification of Governmental Accounting and Financial Reporting Standards as Board members are elected by the public and have decision making authority, the power to designate management, the responsibility to develop policies which may influence, operations and primary accountability for fiscal matters.

The Board, for financial purposes, includes all of the funds and account groups relevant to the operation of the Bath County Board of Education. The financial statements presented herein do not include funds of groups and organizations, which although associated with the school system, have not originated within the Board itself such as Band Boosters, Parent-Teacher Associations, etc.

The financial statements of the Board include those of separately administered organizations that are controlled by or dependent on the Board. Control or dependence is determined on the basis of budget adoption, funding and appointment or the respective governing board.

Based on the foregoing criteria, the financial statements of the following organization are included in the accompanying financial statements:

Bath County School District Finance Corporation – On November 29, 1988, the Bath County, Kentucky, Board of Education resolved to authorize the establishment of the Bath County School District Finance Corporation (a non-profit, non-stock, public and charitable corporation organized under the School Bond Act and KRS 273 and KRS Section 58.180) as an agency of the Board for financing the costs of school building facilities. The Board Members of the Bath County Board of Education also comprise the Corporations’ Board of Directors.

The financial statements of the following entity are not included in the accompanying financial statements:

C. C. Chenault Memorial Trust

The Trust was created to establish agricultural programs for the District. The District receives a quarterly payment from the trust for its agricultural programs. The Trust maintains separate accounting records and is not governed or managed by the District.

BATH COUNTY SCHOOL DISTRICTNOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)June 30, 2009NOTE A – REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)Basis of Presentation

Government-wide Financial Statements – The statement of net assets and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the District that are governmental and those that are considered business-type activities.

The government-wide statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the District and for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues of the District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the District.

Fund Financial Statements – Fund financial statements report detailed information about the District. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by fund type.

The accounting and reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets and current liabilities, and a statement of revenues, expenditures and changes in fund balances, which reports on the changes in net total assets. Proprietary funds and fiduciary funds are reported using the economic resources measurement focus. The statement of cash flows provides information about how the District finances and meets the cash flow needs of its proprietary activities. The proprietary funds are accounted for

BATH COUNTY SCHOOL DISTRICTNOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)June 30, 2009NOTE A – REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

using GASB standards as well as standards issued by the FASB through November 1989 and that do not conflict with GASB Standards. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary funds' principal ongoing operations.

The District has the following funds:

I. Governmental Fund Types

- (A) The General Fund is the primary operating fund of the District. It accounts for financial resources used for general types of operations. This is a budgeted fund, and any fund balances are considered as resources available for use. This is a major fund of the District.
- (B) The Special Revenue Grant Funds account for proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to disbursements for specified purposes. It includes federal financial programs where unused balances are returned to the grantor at the close of specified project periods as well as the state grant programs. Project accounting is employed to maintain integrity for the various sources of funds. The separate projects of federally-funded grant programs are identified in the Schedule of Expenditures of Federal Awards included in this report. This is a major fund of the District.
- (C) Capital Project Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities and equipment (other than those financed by Proprietary Funds).
 - 1. The Support Education Excellence in Kentucky (SEEK) Capital Outlay Fund receives those funds designated by the state as Capital Outlay Funds and is restricted for use in financing projects identified in the District's facility plan.
 - 2. The Facility Support Program of Kentucky Fund accounts for funds generated by the building tax levy required to participate in the School Facilities Construction Commission's construction funding and state matching funds, where applicable. Funds may be used for projects identified in the District's facility plan.
 - 3. The Construction Fund accounts for proceeds from sales of bonds and other revenues to be used for authorized construction. This is a major fund for the District.

BATH COUNTY SCHOOL DISTRICTNOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)June 30, 2009NOTE A – REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

- (D) The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest and related cost; and, for the payment of interest on general obligation notes payable, as required by Kentucky Law.

II. Proprietary Funds (Enterprise Funds)

The School Food Service Fund is used to account for school food service activities, including the National School Lunch Program, which is conducted in cooperation with the U.S. Department of Agriculture (USDA). No amounts have been recorded for in-kind contribution of commodities from the USDA. The School Food Service Fund is a major fund.

The Childcare fund and Preschool fund accounts for revenues and expenditures related to daycare services and preschool activities.

III. Fiduciary Fund Types (includes agency and trust funds)

The Activity Fund accounts for activities of student groups and other types of activities requiring clearing accounts. These funds are accounted for in accordance with Uniform Program of Accounting for School Activity Funds.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting.

Revenues – Exchange and Non-exchange Transactions – Revenues resulting from exchange transactions, in which each party receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenues are recorded in the fiscal year in which the resources are measurable and available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of the fiscal year-end.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the

BATH COUNTY SCHOOL DISTRICTNOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)June 30, 2009NOTE A – REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)Basis of Accounting (continued)

fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resource are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenues from nonexchange transactions must also be available before it can be recognized.

Deferred Revenue – Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Grants and entitlements received before the eligibility requirements are met are recorded as deferred revenue.

Expenses/Expenditures – On the accrual basis of accounting, expenses are recognized at the time they are incurred. The fair value of donated commodities used during the year is reported in the statement of revenues, expenses, and change in net assets as an expense with a like amount reported as donated commodities revenue. Unused donated commodities are reported as deferred revenues.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation, are not recognized in governmental funds.

Property Taxes

Property Tax Revenues – Property taxes are levied each September on the assessed value listed as of the prior January 1, for all real and personal property in the county. The billings are considered due upon receipt by the taxpayer; however, the actual date is based on a period ending 30 days after the tax bill mailing. Property taxes collected are recorded as revenues in the fiscal year for which they were levied. All taxes collected are initially deposited into the General Fund and then transferred to the appropriate fund.

The property tax rates assessed for the year ended June 30, 2009, to finance the General Fund operations were \$.357 per \$100 valuation for real property, \$.357 per \$100 valuation for business personal property and \$.400 per \$100 valuation for motor vehicles.

BATH COUNTY SCHOOL DISTRICTNOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)June 30, 2009NOTE A – REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)Property Taxes (continued)

The District levies a utility gross receipts license tax in the amount of 3% of the gross receipts derived from the furnishings, within the county, of telephonic and telegraphic communications services, cablevision services, electric power, water, and natural, artificial and mixed gas.

Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide statement of net assets and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at their fair market values as of the date received. The District maintains a capitalization threshold of one thousand dollars with the exception of computers, digital cameras and real property for which there is no threshold. The District does not possess any infrastructure. Improvements are capitalized; the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend an assets life are not.

All reported capital assets are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives for both general capital assets and proprietary fund assets:

<u>Description</u>	<u>Governmental Activities Estimated Lives</u>
Buildings and improvements	25-50 years
Land improvements	20 years
Technology equipment	5 years
Vehicles	5-10 years
Audio-visual equipment	15 years
Food service equipment	10-12 years
Furniture and fixtures	7 years

BATH COUNTY SCHOOL DISTRICTNOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)June 30, 2009NOTE A – REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as “interfund receivables/payables”. These amounts are eliminated in the governmental and business-type activities columns of the statements of net assets, except for the net residual amounts due between governmental and business-type activities, which are presented as internal balances.

Accumulated Unpaid Sick Leave Benefits

Upon retirement from the school system, an employee will receive from the District an amount equal to 30% of the value of accumulated sick leave.

Sick leave benefits are accrued as a liability using the termination payment method. An accrual for earned sick leave is made to the extent that it is probable that the benefits will result in termination payments. The liability is based on the School District’s past experience of making termination payments.

Compensated absence liabilities are recorded based on balances for classified and certified employees with twenty-seven or more years of experience at June 30, 2009.

For governmental fund financial statements the current portion of unpaid accrued sick leave is the amount expected to be paid using expendable available resources. These amounts are recorded in the account “accumulated sick leave payable” in the general fund. The noncurrent portion of the liability is not reported. The District has set aside a board authorized reserve in the amount of \$35,898 for accumulated sick leave.

Budgetary Process

Budgetary Basis of Accounting: The District’s budgetary process accounts for certain transactions on a basis other than Generally Accepted Accounting Principles (GAAP). The major differences between the budgetary basis and the GAAP basis are:

Revenues are recorded when received in cash (budgetary) as opposed to when susceptible to accrual (GAAP).

Expenditures are recorded when paid in cash (budgetary) as opposed to when susceptible to accrual (GAAP).

Cash and Cash Equivalents

The District considers demand deposits, money market funds, and other investments with an original maturity of 90 days or less, to be cash equivalents.

BATH COUNTY SCHOOL DISTRICTNOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)June 30, 2009NOTE A – REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)Inventories

Supplies and materials are charged to expenditures when purchased.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, payables and accrued liabilities that will be paid from governmental funds are reported on the governmental fund financial statements regardless of whether they will be liquidated with current resources. However, claims and judgments, the noncurrent portion of capital leases, accumulated sick leave, contractually required pension contributions and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they will be paid with current, expendable, available financial resources. In general, payments made within sixty days after year-end are considered to have been made with current available financial resources. Bonds and other long-term obligations that will be paid from governmental funds are not recognized as a liability in the fund financial statements until due.

Fund Balance Reserves

The District reserves those portions of fund equity which are legally segregated for a specific future use or which do not represent available expendable resources and therefore are not available for appropriation or expenditure. Unreserved fund balance indicates that portion of fund equity which is available for appropriation in future periods. Fund equity reserves have been established for inventories and fixed assets.

Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

BATH COUNTY SCHOOL DISTRICTNOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)June 30, 2009NOTE A – REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the School District, those revenues are primarily charges for meals provided by the various schools.

Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and as nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

NOTE B – ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the District's management to make estimates and assumptions that affect reported amounts of assets, liabilities, fund balances, and disclosure of contingent assets and liabilities at the date of the basic financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE C – CASH AND CASH EQUIVALENTS

At year-end, the bank balance of the District's cash and cash equivalents was \$8,351,780. Of the total cash balance, \$254,132 was covered by Federal depository insurance, the balance was covered by a collateral agreement and collateral held by the pledging banks' trust departments in the District's name. Cash equivalents are funds temporarily invested in securities with a maturity of 90 days or less.

The funds of the District are deposited and invested under the terms of a contract, contents of which are set out in the bond of depositors for public school funds. The depository bank places approved pledged securities for safekeeping and trust with the District's agent bank in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.

BATH COUNTY SCHOOL DISTRICTNOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)June 30, 2009NOTE C – CASH AND CASH EQUIVALENTS (continued)

Custodial credit risk is the risk that in event of bank failure the deposits may not be returned or that the District may not recover collateral securities. The District requires deposits to be secured by collateral valued at market or par, whichever is lower, less the amount of the Federal Deposit Insurance Corporation insurance (FDIC). Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. The District does not retain any long-term investments. Concentrations of credit risk are the risk of loss attributed to the magnitude of the District's investments in a single issuer. All of the organization's cash is held at a local financial institution. Foreign currency risk is the risk of changes in exchange rates affecting foreign investments. The District does not hold any foreign investments.

Cash and cash equivalents at June 30, 2009 consisted of the following:

	<u>Bank Balance</u>	<u>Book Balance</u>
Central Bancshares, Inc.		
Checking Account	8,332,637	6,456,448

2008	8,975,000	2.30% - 4.00%
2009	120,186	2.00% - 3.90%

The District, through the General Fund (including utility taxes and the Support Education Excellence in Kentucky (SEEK) Capital Outlay Fund) is obligated to make payments in amounts sufficient to satisfy debt service requirements on bonds issued by the Bath County Fiscal Court and the School District Finance Corporation to construct school facilities. The District has an option to purchase the property under lease at any time by retiring the bonds then outstanding.

The proceeds from certain refunding issues have been placed in escrow accounts to be used to service the related debt.

In 1988, the District entered into "participation agreements" with the School Facility Construction Commission. The Commission was created by the Kentucky General Assembly for the purpose of assisting local school districts in meeting school construction needs. The table below sets forth the amount to be paid by the District and the Commission for each year until maturity of all bond issues.

The bonds may be called prior to maturity and redemption premiums are specified in each issue. Assuming no bonds are called prior to scheduled maturity, the minimum obligations of the District, including amounts to be paid by the Commission, at June 30, 2009, for debt service (principal and interest) are as follows:

	<u>Principal</u>		<u>Interest</u>		<u>Total</u>
	<u>Board</u>	<u>KSFCC</u>	<u>Board</u>	<u>KSFCC</u>

BATH COUNTY SCHOOL DISTRICTNOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)June 30, 2009NOTE D – LEASE OBLIGATIONS AND BONDED DEBT (continued)

The District's participation in the KISTA New Market Tax Credit Program, also known as the Central Kentucky Equipment Acquisition Program (KTEAP), allowed each school to acquire computer equipment. In order to participate, the District entered into a technology equipment lease agreement with the Central Kentucky Educational Cooperative, Inc. requiring semiannual payments of \$33,525.80 beginning May 15, 2007. The total cost for the District is \$335,258. Following is a schedule for the capital lease arrangement:

Capital Lease Obligation

<u>Year</u>	<u>Amount</u>
2009-10	67,051
2010-11	67,051
2011-12	<u>33,526</u>
Total	<u>167,628</u>

Changes in capital lease obligations are as follows:

<u>Balance,</u> <u>7/1/2008</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance,</u> <u>6/30/2009</u>
<u>234,680</u>	<u>-</u>	<u>(67,052)</u>	<u>167,628</u>

The District participated in the Kentucky Interlocal School Transportation Association (KISTA) bond pool in the fiscal year ended for the purpose of acquiring two bus units. The total bond principal was \$120,186.

NOTE E – CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2009 was as follows:

	<u>Balance</u> <u>July 1, 2008</u>	<u>Additions</u>	<u>Deductions</u>	<u>Balance</u> <u>June 30, 2009</u>

2010	64,175
2011	64,175
2012	64,175
2013	53,479
2014	<u>-</u>
 Total Minimum Rentals	<u>246,004</u>

NOTE G – RETIREMENT PLANS

Kentucky Teachers Retirement System:

Pension Plan

Plan Description – The Bath County School District contributes to the Teachers' Retirement System of Kentucky (KTRS), a cost-sharing, multiple employer defined benefit pension plan. KTRS administers retirement and disability annuities, and death and survivor benefits to employees and beneficiaries of employees of the public school systems and other public educational agencies in Kentucky. KTRS requires that members of KTRS occupy a position requiring either a four (4) year college degree or certification by Kentucky Department of Education (KDE).

BATH COUNTY SCHOOL DISTRICTNOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)June 30, 2009NOTE G – RETIREMENT PLANS (continued)

KTRS was created by the 1938 General Assembly and is governed by Chapter 161 Section 220 through Chapter 161 Section 990 of the Kentucky Revised Statutes (KRS). KTRS issues a publicly available financial report that includes financial statements and required supplementary information for the defined benefit pension plan. That report can be obtained by writing to Kentucky Teachers' System, 479 Versailles Road, Frankfort, Kentucky 40601 or from the KTRS web site at <http://ktrs.ky.gov/>.

Funding Policy – Contribution rates are established by KRS. Members are required to contribute 9.855% of their salaries to KTRS and 10.855% if hired on or after July 1, 2008. The Commonwealth of Kentucky is required to contribute 13.105% of salaries. The federal program for any salaries paid by that program pays the matching contributions.

Medical Insurance Plan

Plan Description – In addition to the pension benefits described above, Kentucky Revised Statute 161.675 requires KTRS to provide post-retirement healthcare benefits to eligible members and dependents. The KTRS Medical insurance benefits is a cost-sharing multiple employer defined benefits plan. Changes made to the medical plan may be made by the KTRS Board of Trustees, the Kentucky Department of Employee Insurance and the General Assembly.

To be eligible for medical benefits, the member must have retired either for service or disability. The KTRS Medical Insurance Fund offers coverage to members under the age of 65 through the Kentucky Employees Health Plan administered by the Kentucky Department of Employee Insurance. Once retired members and eligible spouses attain age 65 and are Medicare eligible, coverage is obtained through the KTRS Medicare Eligible Health Plan.

Funding Policy – The post-retirement healthcare provided by KTRS is financed on a pay-as-you-go basis. In order to fund the post-retirement healthcare benefit, one and five tenths percent (1.5%) of the gross annual payroll of all active members is contributed. One-half (1/2) of this amount is derived from member contributions and one-half (1/2) from state appropriation. Also, the premiums collected from retirees as described in the plan description and investment interest help meet the medical expenses of the plan.

The Bath County Public School District's total payroll for the year was \$10,585,616. The payroll for employees covered under KTRS was \$8,086,215. For the year ended June 30, 2009, the Commonwealth contributed \$935,195 to KTRS for the benefit of participating employees. The School District's contributions to KTRS for the year ending June 30, 2009 were \$127,405, which represents those employees covered by federal programs. Employees contributions for KTRS were \$799,788.

BATH COUNTY SCHOOL DISTRICTNOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)June 30, 2009NOTE G – RETIREMENT PLANS (continued)

Substantially all other employees (classified personnel) are covered under the County Employee's Retirement System (CERS), a cost sharing, multiple-employer, public employers retirement system. Funding for the plan is provided through payroll withholdings of 5.00% except for new hires on or after September 1, 2008 with payroll withholding of 6.00% and a district contribution of 13.5% of the employee's total compensation subject to contributions. Total payroll for employee's covered under CERS was \$2,402,112.

The contribution requirement for CERS for the year ended June 30, 2009 was \$444,475 which consisted of \$324,285 from the District and \$120,190 from the employees.

Following is a summary of contributions paid by the District on-behalf of the employees for the past three years:

Year Ended <u>June 30,</u>	Teacher's Retirement <u>District</u>	State <u>State</u>	County <u>Retirement</u>
2009	127,405	935,195	324,285
2008	114,478	917,353	391,010
2007	94,583	823,472	312,476

Benefits under both plans will vary based on final compensation, years of service, and other factors as fully described in the plan documents.

The "pension benefit obligation" is a standardized disclosure measure of the present value of pension benefits which is adjusted for the effects of projected salary increases and step-rate benefits that are estimated to be payable in the future as a result of employee service to-date. The measure, which is the actuarial present value of credited projected benefits, is intended to help users assess the pensions' funding status on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due and make comparisons among the plans and employers.

KTRS and CERS do not make separate measurements of assets and pension benefit obligation for individual employers. The following table presents certain information regarding the plans' status as a whole, derived from actuarial valuations performed as of the dates indicated:

	KTRS <u>as of June 30, 2008</u> (in millions of dollars)	CERS <u>as of June 30, 2008</u> (in millions of dollars)
Actuarial accrued liabilities	22,460.3	9,707.3
Actuarial value of assets	<u>15,321.3</u>	<u>7,482.4</u>
Unfunded (overfunded) actuarial accrued liabilities	<u><u>7,139.0</u></u>	<u><u>2,224.9</u></u>

BATH COUNTY SCHOOL DISTRICTNOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)June 30, 2009NOTE G – RETIREMENT PLANS (continued)

Historical trend information showing KTRS's and CERS's progress in accumulating sufficient assets to pay benefits when due is presented in their June 30, 2008 comprehensive annual financial reports.

As the Board is only one of several employers participating in the plan, it is not practical to determine the Board's portion of the unfunded past service cost or the vested benefits of the Board's portion of the plan assets.

NOTE H – COMMITMENTS

A revised BG-1 reflected a proposed plan for elementary school construction at an estimated cost of \$10,991,924. The most significant portion of the cost was financed by state and local bond proceeds. Through June 30, 2009, total costs recognized were \$8,255,276.

On July 8, 2009, the Department of Education authorized the District to expend \$394,200 in capital outlay funds for a roof replacement project at Owingsville Elementary School.

NOTE I – CONTINGENCIES

The District receives funding from federal, state, and local government agencies and private contributions. These funds are to be used for designated purposes only. For government agency grants, if the grantor's review indicates that the funds have not been used for the intended purpose, the grantors may request a refund of monies advanced or refuse to reimburse the District for its disbursements. The amount of such future refunds and unreimbursed disbursements, if any, is not expected to be significant. Continuation of the District's grant programs is predicated upon the grantors' satisfaction that the funds provided are being spent as intended and the grantors' intent to continue their programs.

NOTE J – INSURANCE AND RELATED ACTIVITIES

The District is exposed to various forms of loss of assets associated with the risks of fire, personal liability, theft, vehicular accidents, errors and omissions, fiduciary responsibility, etc. Each of these risk areas are covered through the purchase of commercial insurance. The District has purchased certain policies which are retrospectively rated which includes worker's compensation insurance.

NOTE K – LITIGATION

The District is subject to legal actions in various stages of litigation, the outcome of which is not determinable at this time. Management of the District and its legal counsel do not anticipate a material effect on the combined financial statements as a result of threatened, pending or ongoing litigation.

BATH COUNTY SCHOOL DISTRICTNOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)June 30, 2009NOTE L – RISK MANAGEMENT

The District is exposed to various risk of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District pays an annual premium for worker's compensation, errors, omissions, general liability, and property insurance to minimize its risk.

The District continues to carry commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE M – DEFICIT OPERATING/FUND BALANCES

The following funds had deficit balances at June 30, 2009:

None

The following funds had expenditures in excess of revenues at June 30, 2009:

Salt Lick Elementary Activity Fund	3,995
Bethel Elementary Activity Fund	2,765

NOTE N – COBRA

Under COBRA, employers are mandated to notify terminated employees of available continuing insurance coverage. Failure to comply with this requirement may put the school District at risk for a substantial loss (contingency).

NOTE O – TRANSFER OF FUNDS

The following transfers were made during the year.

<u>From Fund</u>	<u>To Fund</u>	<u>Purpose</u>	<u>Amount</u>
Capital Outlay	Construction	Building additions and renovation	301,787
FSPK	Debt Service	Bond principal and interest	662,401
Special Revenue	Debt Service	Bond principal and interest	63,283
General Fund	Debt Service	Bond principal and interest	209,968
General Fund	Special Revenue	KETS Grant Match	38,562
General Fund	Child Care	Transfer for operating expense	8,354
		<u>Total</u>	<u>1,284,355</u>

BATH COUNTY SCHOOL DISTRICTNOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)June 30, 2009NOTE P – INTERFUND RECEIVABLES AND PAYABLES

Interfund balances at June 30, 2009 were \$-0-.

NOTE Q – ANNUAL FINANCIAL REPORT DIFFERENCES

The following is a reconciliation of the June 30, 2009, fund balances/retained earnings originally reported by the Board to the Kentucky Department of Education with that shown in the accompanying fund financial statements:

	<u>General Fund</u>	<u>Special Revenue Funds</u>	<u>Capital Projects Funds</u>	<u>Enterprise Funds</u>
Fund Balance/Retained Earnings as reported to the Department of Education	3,512,927	-	2,332,580	309,677
Adjustment to Fund Balance/Retained Earnings				
(1) To reclassify cash	(29,222)	-	29,222	-

* - Indicates major programs

NOTE A

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the Bath County School District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of *OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in preparation of, the basic financial statements.

NOTE B

Non-monetary assistance is reported in the schedule at the fair value of the food donations disbursed. The District no longer maintains a separate commodities inventory due to changes in program regulations.

REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

State Committee for School District Audits
Members of Bath County Board of Education
Owingsville, Kentucky

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Bath County School District as of and for the year ended June 30, 2009 which collectively comprise the Bath County School District's basic financial statements and have issued our report thereon dated October 19, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and audit requirements prescribed by the Kentucky State Committee for School District Audits in Appendix I of the Independent Auditor's Contract – General Audit Requirements, Appendix II of the Independent Auditor's Contract – State Audit Requirements, and Appendix III of the Independent Auditor's Contract – Electronic Submission.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Bath County School District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Bath County School District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Bath County School District's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Bath County School District's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Bath County School District's financial statements that is more than inconsequential will not be prevented or detected by the Bath County School District's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Bath County School District's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Bath County School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

We also noted certain matters that we reported to management of Bath County School District, in a separate letter dated October 19, 2009. In addition, the results of our tests disclosed no instances of noncompliance of specific state statutes or regulations identified in Appendix II of the Independent Auditor's Contract – State Audit Requirements.

This report is intended solely for the information and use of the Board, management, others with the entity, the Kentucky Department of Education, the Kentucky State Committee for School District Audits and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than those specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

State Committee for School District Audits
Members of Bath County Board of Education
Owingsville, Kentucky

Compliance

We have audited the compliance of Bath County School District, with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2009. Bath County School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Bath County School District's management. Our responsibility is to express an opinion on Bath County School District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Bath County School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Bath County School District's compliance with those requirements.

In our opinion, Bath County School District complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2009.

Internal Control Over Compliance

The management of Bath County School District, is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Bath County School District's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Bath County School District's internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information of and use of the Board, management, others within the entity, the Kentucky Department of Education, the Kentucky State Committee for School District Audits, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than those specified parties.

BATH COUNTY SCHOOL DISTRICTSUMMARY SCHEDULE OF PRIOR AUDIT FINDINGSFor the Year Ended June 30, 2009- FINDINGS RELATED TO THE FINANCIAL STATEMENTS –**2008-1** Comparing established bid prices to actual invoices

- Condition: We noted that some Earthgrains billing invoices, (the District distributor for school food service bread products), exceeded approved bid prices. A subsequent follow-up by the District food service director and the company confirmed the discrepancy resulting in a \$7,237.68 balance owed the District.
- Criteria: Detail invoices should be checked against approved bid prices to ensure no overages are occurring.
- Cause: District personnel were not effectively monitoring controls regarding review of approved bid prices against detail invoices.
- Effect: Overpayments have occurred and reports submitted to state oversight authorities may contain erroneous information.
- Recommendation: The District should ensure it effectively monitors controls regarding review of approved bid prices to ensure overpayment (or underpayment) is not occurring.
- Management's Response: The District will enhance its controls regarding review of invoices against approved bid prices. The District received reimbursement of the overpayment.

- FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS –

U.S. Department of Agriculture – CFDA 10.553 & 10.555

2008-1 School Lunch and Breakfast Program – Year ended June 30, 2008

- Condition and Criteria: We noted that some Earthgrains billing invoices, (the District distributor for school food service bread products), exceeded approved bid prices. A subsequent follow-up by the District food service director and the company confirmed the discrepancy resulting in a \$7,237.68 balance owed the District.
- Effect: Overpayments have occurred and reports submitted to state oversight authorities may contain erroneous information.

BATH COUNTY SCHOOL DISTRICTSUMMARY SCHEDULE OF PRIOR AUDIT FINDINGSFor the Year Ended June 30, 2009

- Cause: District personnel were not effectively monitoring controls regarding review of approved bid prices against detail invoices.
- Items Tested: A sample of invoices for two vendors were selected and prices were compared to bid listings.
- Recommendation: The District should ensure it effectively monitors controls regarding review of approved bid prices to ensure overpayment (or underpayment) is not occurring and seek reimbursement for the overage.
- Grantee's Response: The District will enhance its controls regarding review of invoices against approved bid prices. The District received reimbursement of the overpayment.

BATH COUNTY SCHOOL DISTRICTSCHEDULE OF FINDINGS AND QUESTIONED COSTSFor the Year Ended June 30, 2009- SUMMARY OF AUDIT RESULTS –

1. We have issued an unqualified opinion on the financial statements.
2. No significant deficiency in internal control were disclosed by the audit of the financial statements.
3. No material noncompliance was disclosed in our audit of the financial statements.
4. No significant deficiency in internal control was disclosed by the audit in internal control over major programs.
5. We have issued an unqualified opinion on compliance for major programs.
6. The audit disclosed audit findings which we were required to report under Section .510(a) of A-133.
7. Bath County School District had the following major programs:

U. S. Department of Education
 Passed through State Department of Education
 Title I - CFDA number 84.010
 - Special Education Cluster -
 IDEA-B Basic
 IDEA-B Preschool
 CFDA numbers 84.027 and 84.173

U.S. Department of Agriculture
 Passed through State Department of Education
 -Child Nutrition Cluster -
 School Breakfast and Lunch Programs, Child and Adult
 Care Food Program, Summer Food Service Program for
 Children and Fresh Fruit and Vegetable Program
 CFDA numbers 10.553, 10.555, 10.558, 10.559 and
 10.582

8. The dollar threshold used to distinguish between Type A and Type B programs was \$300,000.
9. The auditee qualified as a low-risk auditee.

- FINDINGS RELATED TO THE FINANCIAL STATEMENTS –

None

- FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS –

None

Bath County Board of Education
and Management
Owingsville, Kentucky

In planning and performing our audit of the financial statements of Bath County School District for the year ended June 30, 2009, we considered the District's internal control structure to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control structure.

However, during our audit we became aware of several matters that are opportunities for strengthening internal controls and operation efficiency. The memorandum that accompanies this letter summarized our comments and suggestions regarding those matters. A separate report dated October 19, 2009, contains our report on reportable conditions and material weaknesses in the District's internal control structure. This letter does not affect our report dated October 19, 2009, on the financial statements of the Bath County Board School District.

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with various District personnel, and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.

Respectfully,

Chris Gooch

Hazard, Kentucky

October 19, 2009

BATH COUNTY SCHOOL DISTRICT
MANAGEMENT LETTER COMMENTS
For the Year Ended June 30, 2009

Review of Prior Year Comment

1. Establishing written procedures regarding use of credit cards at the activity fund level

Condition:	No written policies and procedures were on file to support the issuance for retail credit cards for each activity fund location.
Criteria:	Written policies and procedures on a District-wide basis for the maintenance and control of credit card usage should be in place.
Cause:	No District-wide procedures for credit card usage at the activity fund level has been established.
Effect:	Without written procedures, the risk of effective oversight is decreased and the risk for a material financial statement discrepancy is increased.
Recommendation:	The District should establish written controls on a District-wide basis for effective monitoring of credit card usage at the activity fund level.
Management's Response:	The District will establish written controls on a District-wide basis for effective monitoring of credit card usage at the activity fund level.
Current Year Auditor Comment:	The District established written controls on a District-wide basis for effective monitoring of credit card usage at the activity fund level.

Current Year Comment

1. Establishing written procedures regarding consistent use of meal expense per diem.

Condition:	We noted in some instances that meal expenses exceeded the \$30 per person allowable limit if a District credit card was employed.
Criteria:	The District allowable meal expense policy should be consistent whether a reimbursement transaction or a District credit card transaction.
Cause:	The District was not consistent in monitoring the amount for allowable meal expense.
Effect:	Expenses are incurred that exceed established policies.

BATH COUNTY SCHOOL DISTRICTMANAGEMENT LETTER COMMENTSFor the Year Ended June 30, 2009

Recommendation: The District should enhance monitoring regarding parameters for meal expenses incurred by District personnel.

Management's Response: The District will enhance monitoring regarding parameters for meal expenses incurred by District personnel.

2. Use of state prescribed fundraising reports.

Condition: We noted no use of state prescribed fundraising reports for one fundraiser at Bath County Middle School. We noted that inventory reports filed for paper and pencil sales were inconsistent at Bath County Middle School.

Criteria: Each authorized fundraiser should use the state prescribed inventory/fundraising form. Each form should reflect all transactions for the period reported.

Cause: No form was used for the fundraiser. Paper and pencil sales were recorded after March 31st, however, no report was prepared.

Effect: Anticipated and actual profits are harder to assess. The risk for fraud is greater.

Recommendation: The District should enhance its monitoring procedures to ensure all authorized fundraisers and sales are reported and indicate evidence of review.

Management's Response: The District will enhance monitoring to ensure all required forms are prepared and indicate evidence of review.
