

## NTI Packet #2 Information (Please Read Carefully)

I hope you guys are all doing well during this quarantine time. It is unique, but we will certainly make it through this together. This next round of work will be for the weeks of April 6-10, and April 13-17. Hopefully this will not be too much work for you during this time.

For these two weeks I have decided to continue with functions since we started this unit before we were forced to stay home. For those of you who have internet access, I have assigned 5 IXL assignments for you. You need to complete all 5 of these by April 17<sup>th</sup>. They have been assigned to you already and should show up for you once you log into IXL. **You need to get a score of 90 or better on these.**

***\*Important Note #1 – If you need help signing into IXL, please email me so you can get signed in and start working ASAP. Please do not wait until next week to ask me how to sign in, I will be upset.\****

- ***Username: student ID @bathch***
- ***Passwrod: wildcats***

***\*\*Important Note #2 – ALL STUDENTS MUST email me at least 1 time each week. In your email to me you need to do one of the following:***

- ***Tell me you are doing fine, and no help is needed so far....***

***OR***

- ***Ask me a question about something you are struggling with so that I can help you.***

So, this means you need to **email me** at least **2 times** before **April 17<sup>th</sup>** (Once each week). The emails will be part of your grade, so please make sure you do them. Also keep on mind, teachers are responding to student emails between the hours of 9am – 3pm each day. So please try to email during this time frame. It doesn't need to be anything complex, just a simple update on how you are doing, or any questions you have. That's it.
