

10th grade Health Syllabus

Instructor

Mr. Scott Anderson

Course Description

Health is a semester long class divided into an eighteen (18) week semester designed to meet all state and national health standards. Students will gain knowledge and skills they need to become and remain physically healthy as well as productive members of society.

Course Outline

Introduction to Health
The Human Body and Its System
Nutrition
Healthy Body Weight
Drugs
Your Body, An Owner's Manual
First Aid, CPR and Safety

Course Expectations

Students are expected to show mastery of all state and national health standards. Students will complete formative and summative assessments in different forms. Following class rules and procedures while also participating in class are required on a daily basis. Student should come to class every day prepared and with a positive work attitude.

Course Grade

The students' final grade will be determined by the following:

Formative Assessments 20%
Summative Assessments 60%
End of Course Assessment 10%
Participation/Effort 10%

Scale

90-100=A
80-89=B
70-79=C
60-69=D
59 & below=F

Course Make Up Policy

Students will be responsible to find out materials missed when absent from instructor. Retakes are also the responsibility of student to let instructor know they are ready to retake an assessment. The students will have ten (10) days to make up an assessment if they were absent the day of the assessment.

Retake Policy

When a student receives anything lower than 60% on an assessment, it is highly recommended that the student retake the assessment (formative or summative). It is up to the student if they wish to retake an assessment or learning target. Students are still required to complete practice or “reinforcement” activities for the target/content before they will be allowed to retake. A one (1) page paper about the content to will be the reinforcement for this class.

Students can only receive a maximum score of a 85% on retakes. Students cannot receive an “A” on a retake
