

# Bath County High School

School Based Decision Making Policy

**Policy Topic Description:**

Alignment with State Standards

**Council Policy Type (Check One):**

By-Laws (Council Operations Policies)

Function (School Operational Policies)

**Policy Number:**

12.01

**Policy Statement:**

All stakeholders at Bath County High School will work diligently to maintain alignment with state standards established in state and federal law, state regulations, and in local school board policy. All teachers shall organize their instructional activities and practices to be aligned with state standards. Alignment will be monitored through needs assessment surveys and yearly reviews of our school's EOC scores, ODW scores, ASVAB scores, KOSSA scores, COMPASS scores, KYOTE scores, PLAN scores, ACT scores, attendance records, discipline referrals, and student grades. Information solicited during the regular review of available data will be used to develop and revise our Comprehensive School Improvement Plan (CSIP) so there is a constant focus on improving teaching in order to improve student learning. Our school will monitor the implementation and impact ("I & I") of our school improvement plan by completing "I & I" Checks at least twice per year or as school/board policy requires.
