Hello,

The application is now live. There are no longer any paper applications. If you do a google search it will still pull up a paper application (we are trying to see how to clear those out of the search). Please encourage students to begin the online process as soon as possible. Below is an email from the foundation office on how to access the online application. Also is attached a PDF with Award Spring Instructions.

Students interested in applying can apply online at <https://moreheadstate.awardspring.com/>. This online scholarship application is a one stop shop for all scholarships privately funded through the MSU Foundation. The online application will ask the students a series of questions and based on their answers the system will narrow down which scholarships they are eligible for during the 2020-21 award cycle. So, this application will alert them of multiple scholarship opportunities, not just the Mountain Telephone award. If students have already logged into the online application site and completed their application, they will need to log back in and complete several follow up items that are requirements for the Mountain Telephone application and resubmit their application. I have attached a document that outlines the application process.

If you have questions, please let me know.

Thank you,

*Tosha Binion*
